## INDEPENDENT AUDITORS' REPORT

### **The Board of Directors and Officers Georgia Advanced Technology Ventures, Inc. and Subsidiaries**

We have audited the accompanying consolidated statement of financial position of Georgia Advanced Technology Ventures, Inc. and Subsidiaries (the Organization) as of June 30, 2011 and 2010, and the related consolidated statements of activities and changes in net assets, cash flows and functional expenses for the years then ended. These consolidated financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Georgia Advanced Technology Ventures, Inc. and Subsidiaries as of June 30, 2011 and 2010, and the changes in consolidated net assets and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2011 AND 2010**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Nature of Organization

Georgia Advanced Technology Ventures, Inc. (GATV) is a Georgia not-for-profit organization formed as a supporting organization of the Georgia Institute of Technology (GIT) focused on technology, commercialization, economic development and relevant real estate development. The Organization provides support for technology transfer and economic activities including Georgia Tech's Advanced Technology Development Center (ATDC) incubator facilities and services to ATDC affiliated companies.

GATV is the sole member of seven limited liability companies: VLP 1, LLC, which holds ownership to property at 575 14th Street; VLP2, LLC, which holds ownership to properties at 720 14<sup>th</sup> Street, 673 and 650 Ethel Street, and 1115 Howell Mill Road; VLP 3, LLC, which holds ownership to properties at 395 North Avenue and 380 Northyards Boulevard; VLP 4, LLC, which holds ownership to properties at 0 North Avenue; Technology Enterprise Park 1, LLC, which master leases property at 387 Technology Circle; Technology Enterprise Park 2, LLC, formed to lease a new building to be constructed at 369 Technology Circle; and GT Innovation Fund, LLC, which provides seed funding for start-up companies that further the mission of GATV.

Basis of Consolidation

The consolidated financial statements include the accounts of GATV and the limited liability companies of which it is a sole member and are collectively referred to hereafter as (the Organization). All material intercompany balances and transactions have been eliminated in consolidation.

Basis of Accounting

The Company follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

The consolidated financial statements of the Organization have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities. Under GAAP, the Organization is required to report information regarding its consolidated financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Reclassifications

Certain amounts in the June 30, 2010 consolidated financial statements have been reclassified to conform to the current year presentation.

**JUNE 30, 2011 AND 2010**

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(Continued)**

Cash and Cash Equivalents

The Organization considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Restricted cash relates to funds with donor-imposed restrictions that stipulate the Organization's use of the funds.

Accounts Receivable

Accounts receivable consist primarily of rental income due to the Organization. Outstanding balances are reviewed at the end of each reporting period and a determination is made on any rental income that is uncollectible and should be included in the allowance for doubtful accounts.

Fair Values Measured on Recurring Basis

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Total assets at fair value classified within Level 3 were \$921,629 and \$821,629 as of June 30, 2011 and 2010, respectively, which consists of investments in limited liability companies.

Fair Values Measured on Recurring Basis (Continued)

The table below sets forth a summary of changes in the fair value of the Organization's Level 3 assets for the years ended June 30:

	<u>2011</u>	<u>2010</u>
Beginning balance	\$ 821,629	\$ 1,821,629
Purchase interests in limited liability companies	100,000	-
Contribution of investment in GRA Venture Fund (See Note 4)	<u>-</u>	<u>(1,000,000)</u>
Ending balance	<u>\$ 921,629</u>	<u>\$ 821,629</u>

Property and Equipment

It is the Organization's policy to capitalize at cost personal property additions in excess of \$30,000. Lesser amounts are expensed. Real property and tenant improvements are capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time. Property and equipment are depreciated using the straight-line method. Depreciation expense for the years ended June 30, 2011 and 2010 was \$3,964,718 and \$3,833,280, respectively.

Certain land with an estimated fair value of \$6,900,000 was donated to the Organization during the year ended June 30, 2011. Under the terms of the warranty deed, the land is restricted for the use of constructing a business park.

Deferred Revenue

Rental payments received from lessees in advance of the periods to which they pertain are deferred and recognized over the periods to which the rental payments relate.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Revenue Recognition

Contributions received by the Organization are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying Consolidated Statement of Activities and Changes in Net Assets as net assets released from restrictions.

Unconditional promises to give are recognized as receivables and as revenues in the period in which the Organization is notified by the donor of his or her commitment to make a contribution. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the accompanying Consolidated Statement of Activities and Changes in Net Assets and in the Consolidated Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

GATV is a not-for-profit corporation and is exempt from income taxes under Section 501(a) as an organization described in Section 501 (c)(3) of the Internal Revenue Code. Accordingly, no income taxes are reflected in the accompanying consolidated financial statements. The consolidated subsidiaries are organized as single-member limited liability companies (LLC's) and are not liable for income taxes on their taxable income. Instead, GATV, as the sole-member, is liable for income taxes, if any, on the LLC's taxable income. The Organization's financial statements do not include a provision or liability for income taxes.

The Organization annually evaluates all federal and state income tax positions. This process includes an analysis of whether these income tax positions the Organization takes meet the definition of an uncertain tax position under the Income Taxes Topic of the Financial Accounting Standards Codification. The Organization is no longer subject to tax examinations for tax years ending before June 30, 2008.

**NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Estimates and Assumptions

The Organization uses estimates and assumptions in preparing consolidated financial statements in accordance with GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Subsequent Events

Management has evaluated subsequent events through September 7, 2011, the date which the consolidated financial statements were available to be issued.

**NOTE 2 – CONCENTRATIONS**

The financial instruments which potentially subject the Organization to concentrations of credit risk are cash and cash equivalents. The Organization has cash deposits in a financial institution in excess of the \$250,000 limit federally insured by the Federal Deposit Insurance Corporation. The excess amount totals \$971,671 at June 30, 2011. Cash equivalents are held in an investment institution and are not federally insured. The amount of this uninsured investment is \$544,244 at June 30, 2011.

As a result of liquidity issues experienced in the global credit and capital markets, it is at least reasonably possible that changes in risks in the near term could occur which in turn could further materially affect the amounts reported in the accompanying consolidated financial statements.

The Organization receives significant resources from GIT and related organizations. An interruption of this support could cause substantial doubt in the Organization's ability to continue as an independent entity.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**JUNE 30, 2011 AND 2010**

**NOTE 3 – UNCONDITIONAL PROMISES TO GIVE**

At June 30, 2006, the Organization received a commitment from The University Financing Foundation (TUFF) for \$1,500,000. This commitment will be paid in \$50,000 increments over a 30-year period to begin in fiscal period 2007. This commitment has been recorded at a present value of \$751,409 and \$766,785 at June 30, 2011 and 2010, respectively, using a discount rate of 4.83%, which represents the risk-free rate of return at the date of the pledge.

At June 30, 2009, the Organization received a commitment from the GIT to provide \$1,000,000 from available funds to make capital contributions associated with the GRA Venture Fund, LLC discussed in Note 4. This commitment will be paid as the GRA Venture Fund, LLC requests capital contributions. During the years ended June 30, 2011 and 2010, the Organization received \$78,728 and \$107,821, respectively, and reduced the balance of the outstanding commitment to \$813,451 and \$892,179 at June 30, 2011 and 2010, respectively.

The consolidated financial statements do not include conditional pledges, expectancies and bequests, which have not been recognized as revenue. These undiscounted amounts totaled \$75,000 at June 30, 2011 and 2010.

**NOTE 4 – INVESTMENTS IN LIMITED LIABILITY COMPANIES**

During the year ended June 30, 2005, the Organization entered an agreement to purchase a limited liability membership interest in Georgia Venture Partners, LLC, a seed capital fund established to make seed and early-stage investments in life sciences enterprises related to Georgia. The Organization agreed to contribute capital of \$1,000,000 in exchange for its membership interest. The subscription agreement was finalized during the year ended June 30, 2005. During the years ended June 30, 2011 and 2010, no significant gain or loss was incurred.

During the year ended June 30, 2009, the Organization entered into an agreement to purchase a limited liability membership interest in GRA Venture Fund, LLC, a seed capital fund established to help startup businesses incubated in the VentureLab commercialization program of the Georgia Research Alliance. The Organization agreed to contribute capital of \$1,000,000 in exchange for its membership interest subject to a provision of the Operating Agreement that limits capital contributions to 20% of a member's commitment per calendar year. During the year ended June 30, 2010, the Organization entered into an agreement whereby any capital distributions from the GRA Venture Fund, LLC will be paid to the organization that provided the initial funding discussed in Note 3. As such, the Organization relinquished its rights to the investment and future earnings, and contributed its investment in the GRA Venture Fund, LLC during the year ended June 30, 2010.

Interest at prime plus 2% (an effective rate of 5.25% at June 30, 2011) is payable each December 31; however, the Organization currently chooses to make interest payments on a quarterly basis. Principal is payable within 30 days of demand by TUFF. No collateral is specified, but the Organization is required to obtain the consent of TUFF before granting a security interest in its general assets to any other entity. At June 30, 2011 and 2010, advances outstanding under this line of credit total \$1,600,000. Interest expense of \$20,943 is accrued in association with this liability at June 30, 2011 and 2010.
